Community and stakeholder feedback

01 Transport Strategy documents

01 Strategic context

15 Land use and community plans

15 Transport strategies and plans

15 Future state transport projects

11 Emerging trends in transport

02 VISION, THEMES & OBJECTIVES

02 Vision

Georges River Council has a **sustainable** transport network that **safely connects** people to **jobs, services and great places.**

02 Themes and objectives

Sustainability

- Reduced reliance on private vehicles and shift towards sustainable modes of transport.
- Land use development is supported by transport improvements.
- Parking serves its intended purpose.
- The transport network is resilient to climate change and is less affected by natural events.
- Preparedness for emerging technology

Safety

- Roads, footpaths and cycleways are safe.

Connectivity

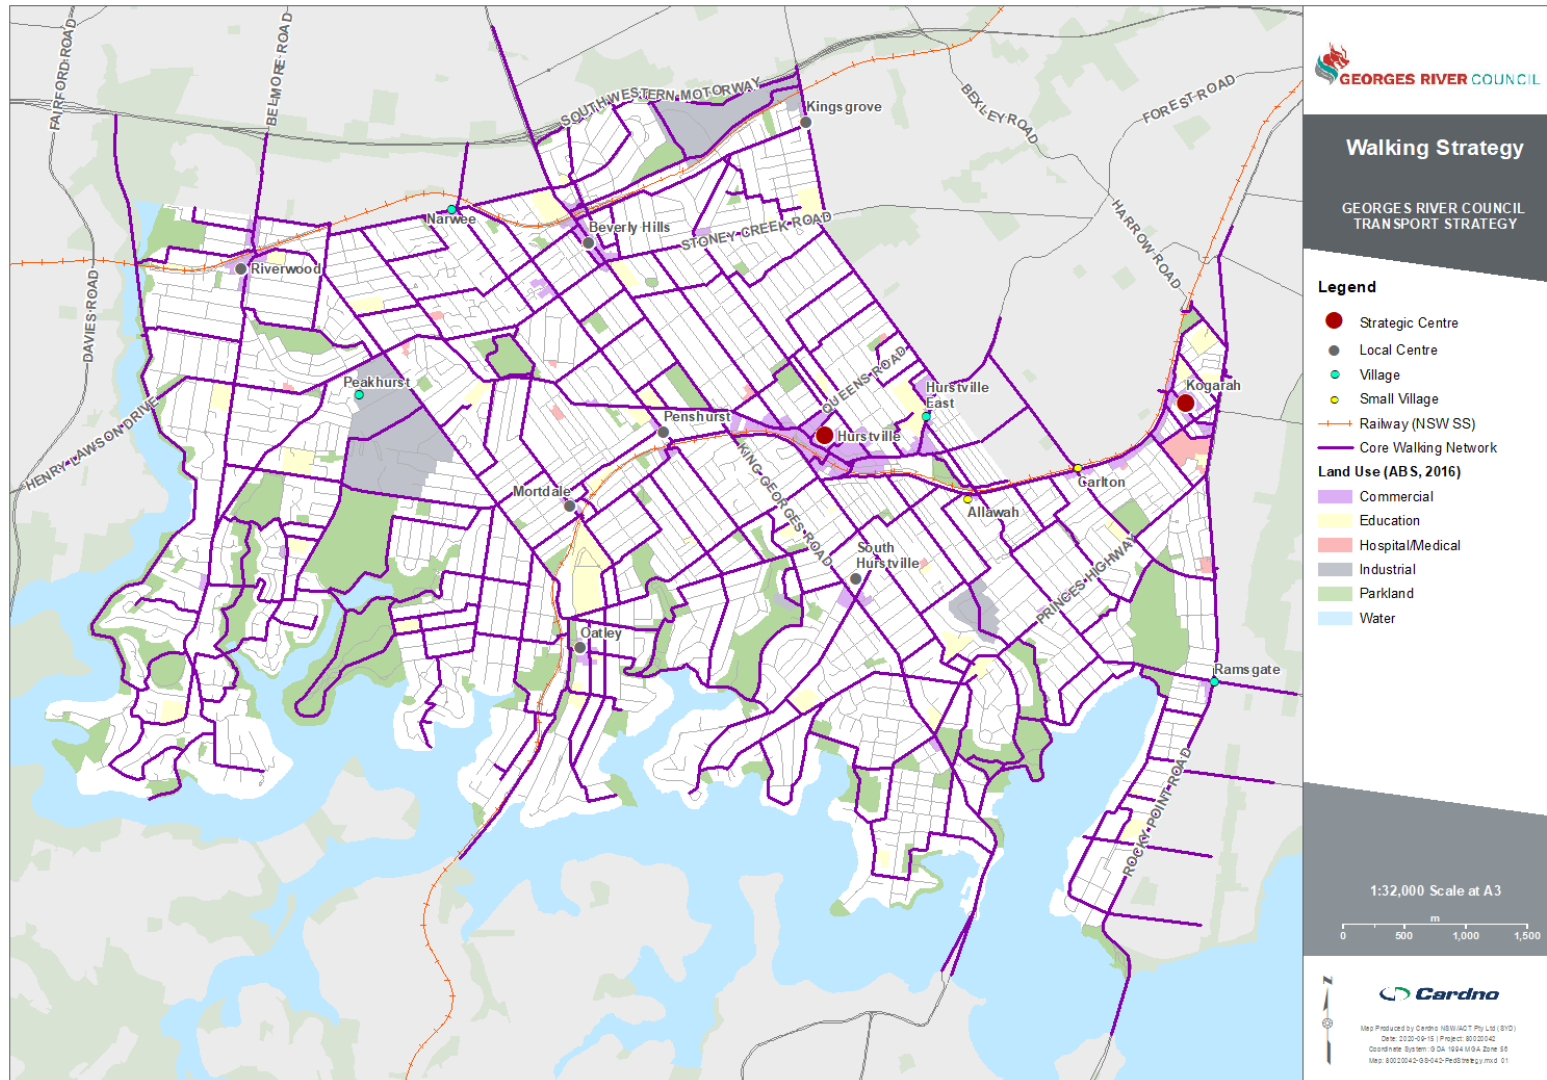

- Georges River has a range of frequent, efficient transport options to connect people and places.

Access to jobs, services and places

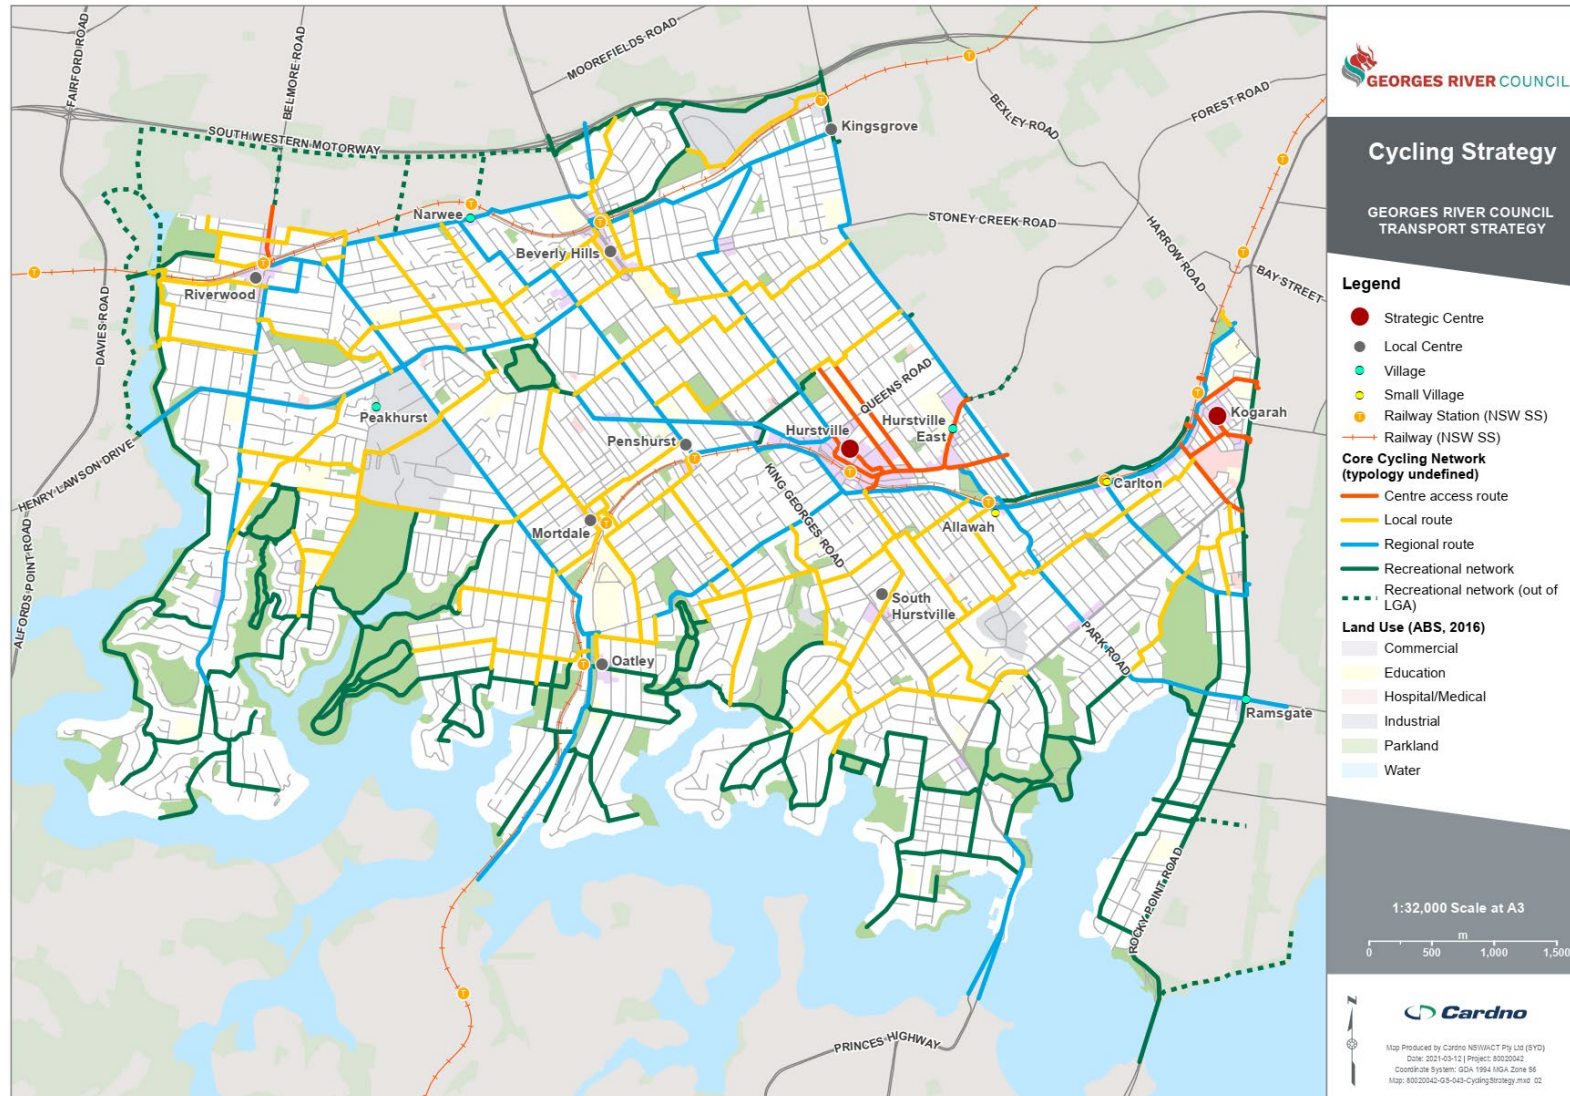

- Inclusive access to jobs, services, social, recreational and cultural opportunities
- Local deliveries and regional freight movements are supported.
- Georges River to lead through planning, collaboration and investment programs to support growth and its place in Greater Sydney.

03 TRANSPORT STRATEGY

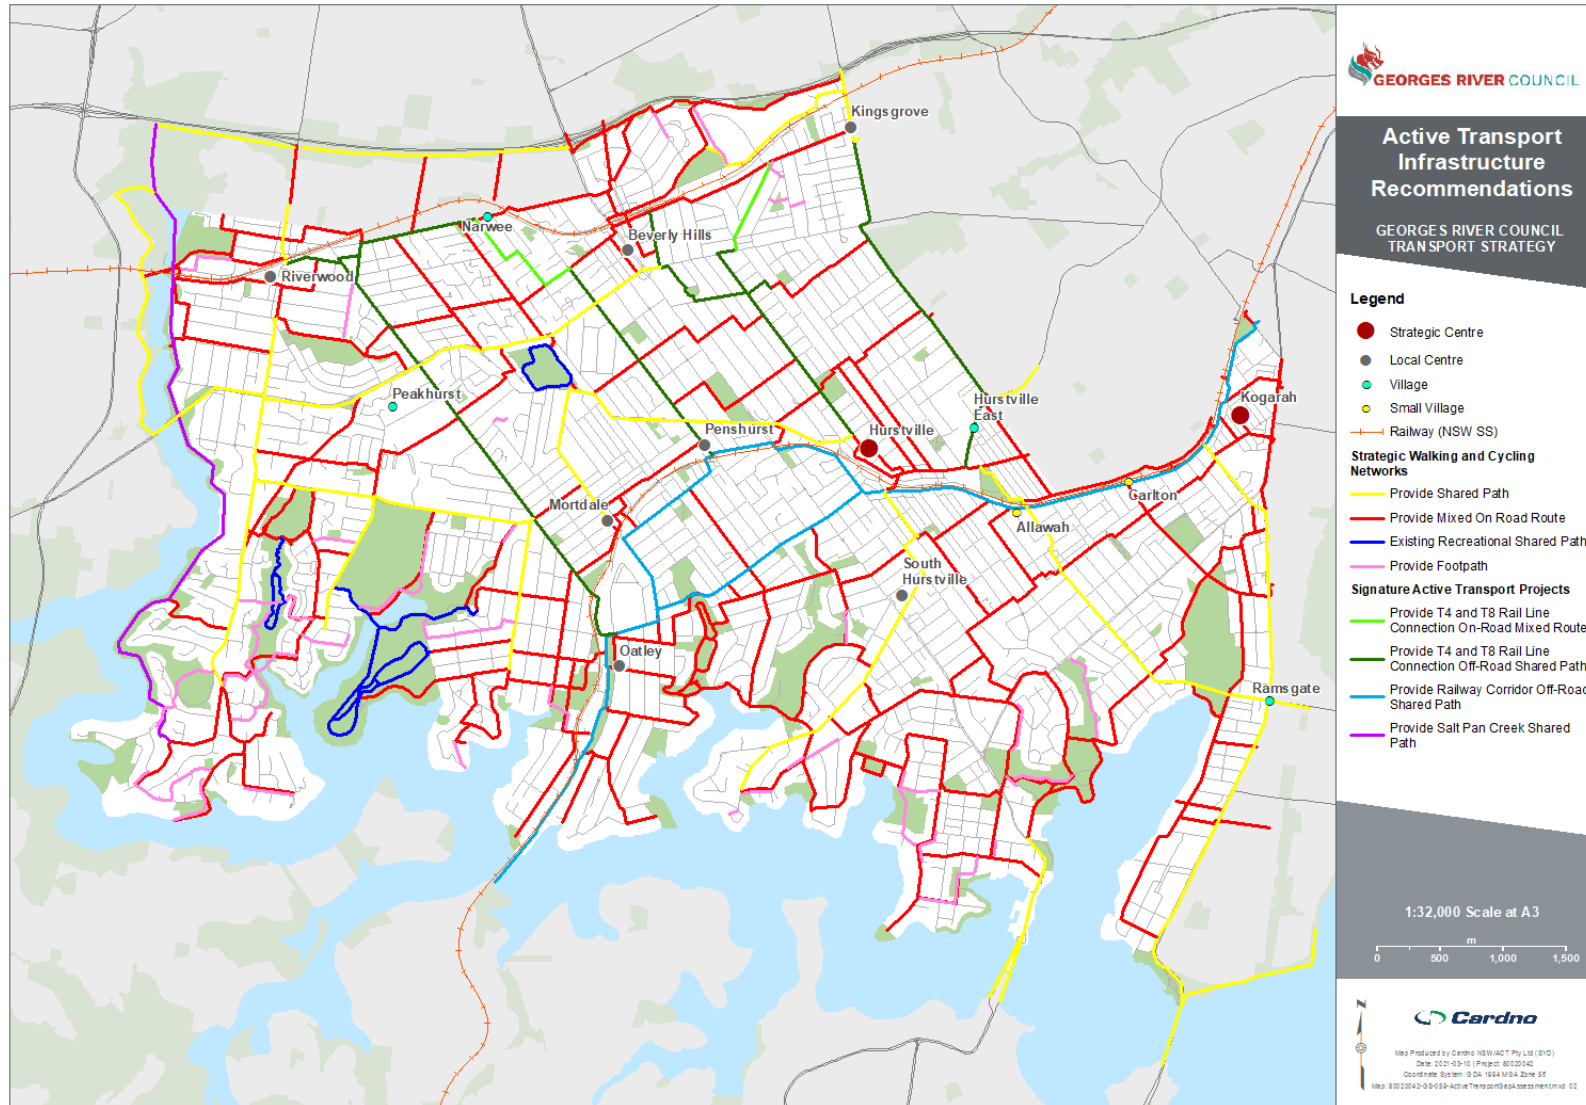

03 Strategic pedestrian network

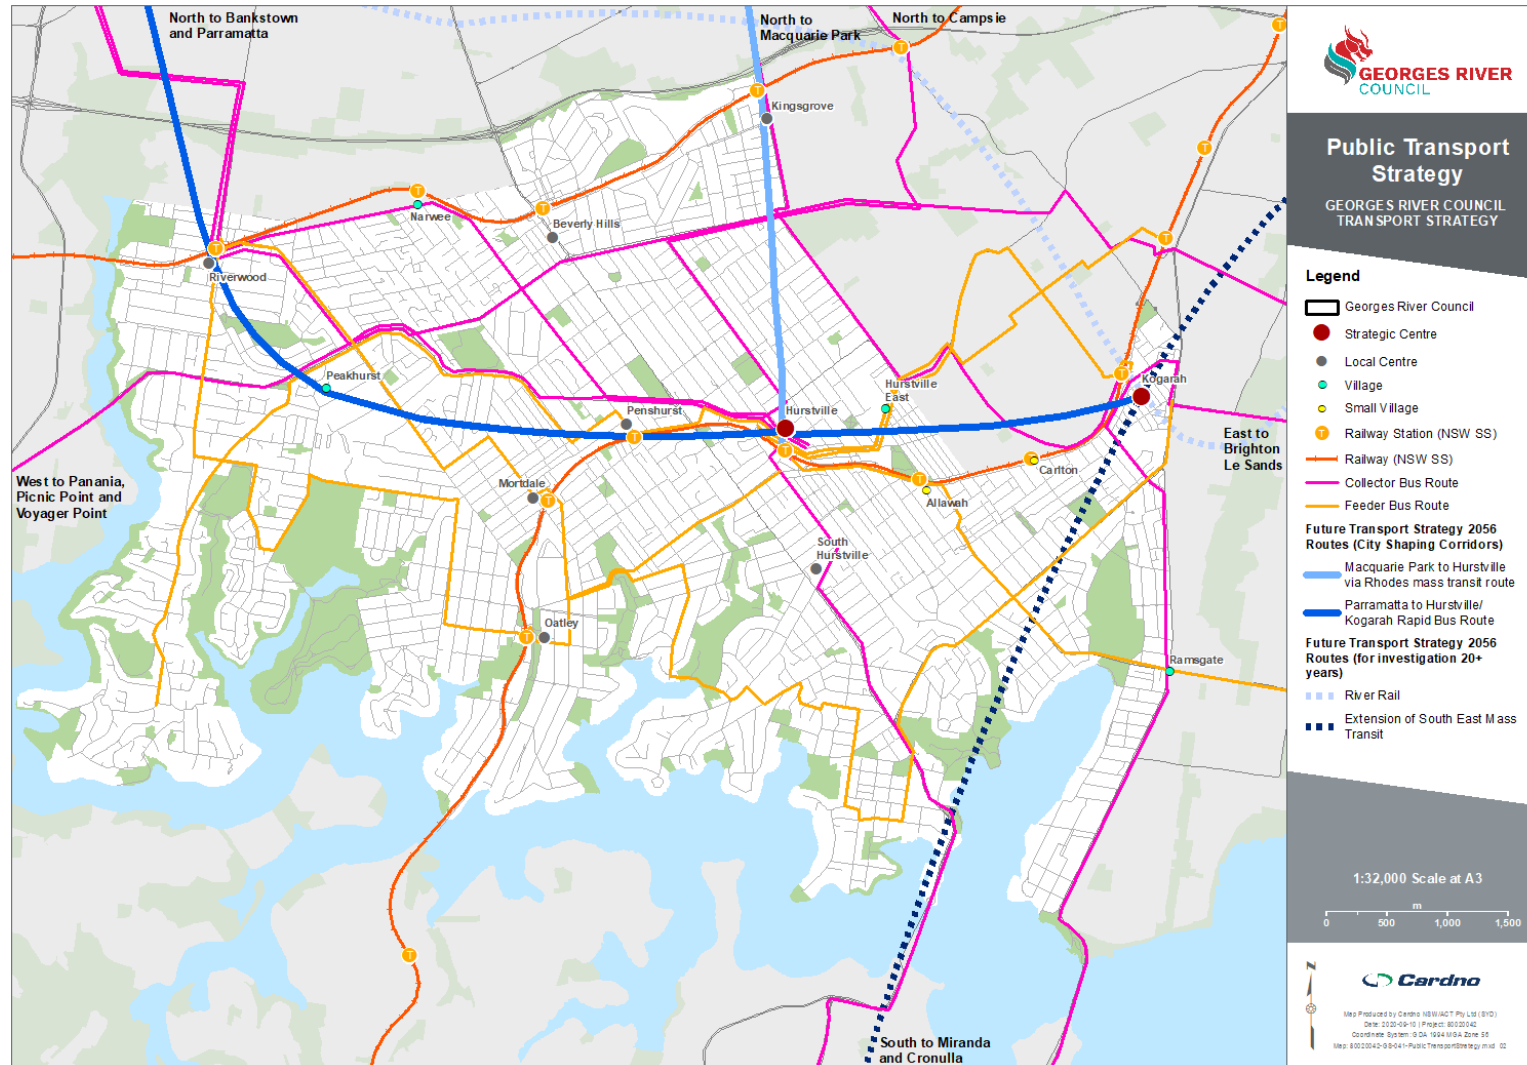

03 Strategic cycling network

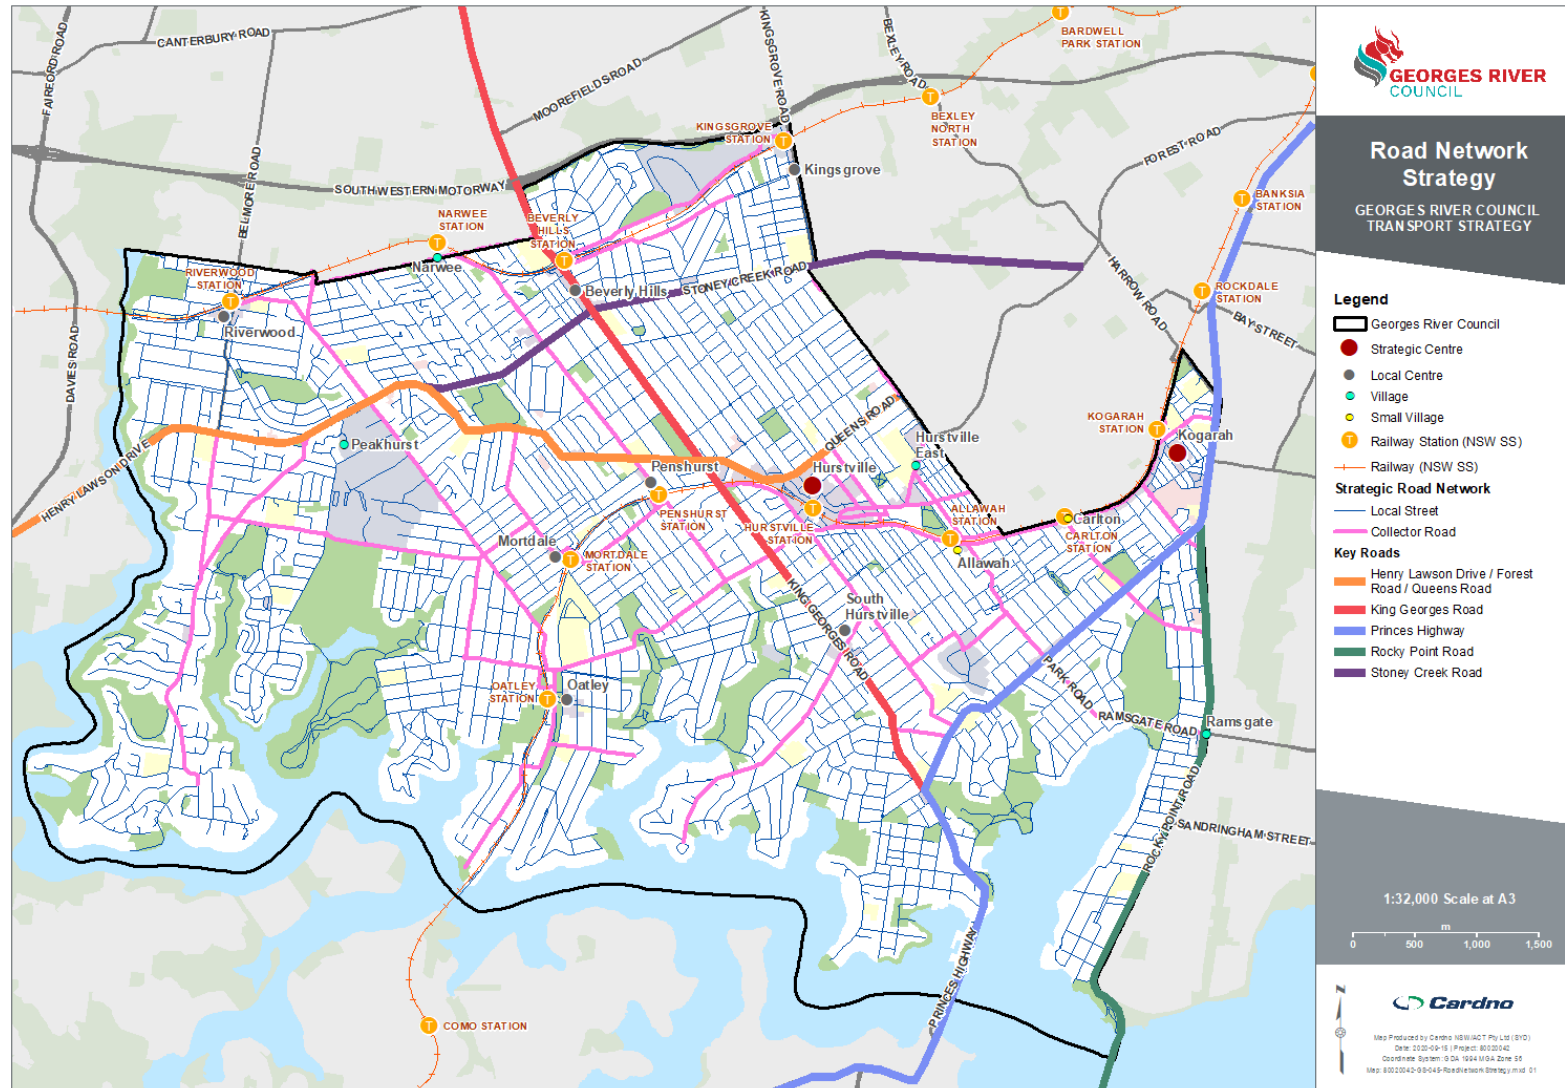

03 Strategic active transport network (pedestrians and cyclists)

03 Strategic public transport network

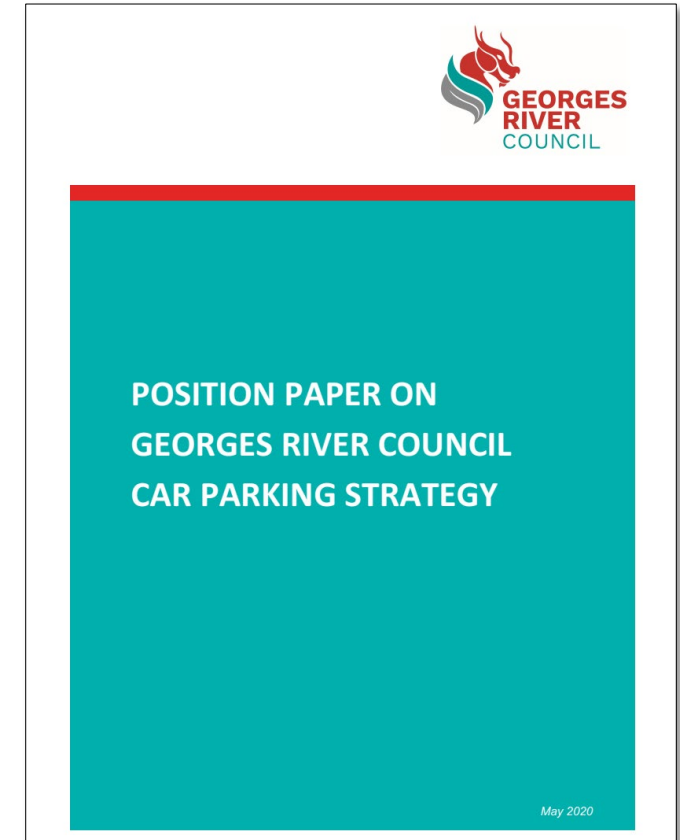

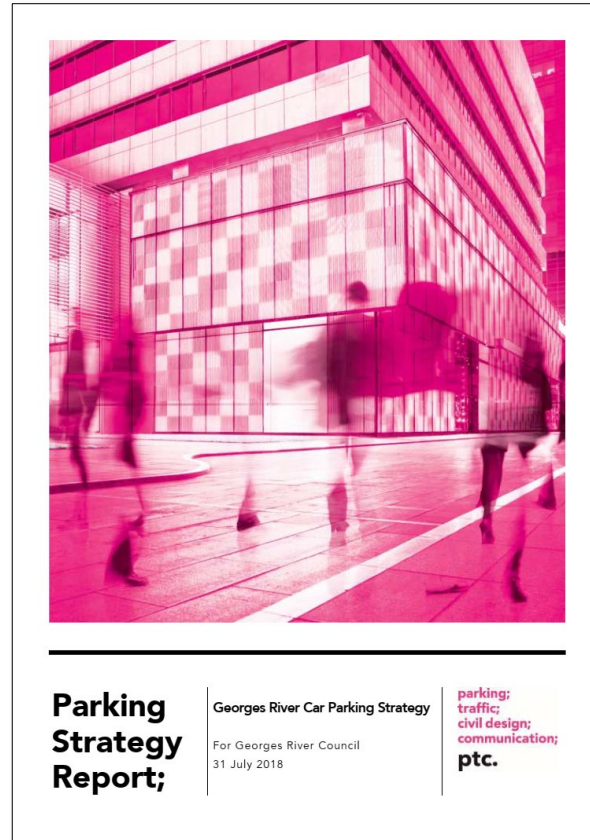

03 Strategic road network

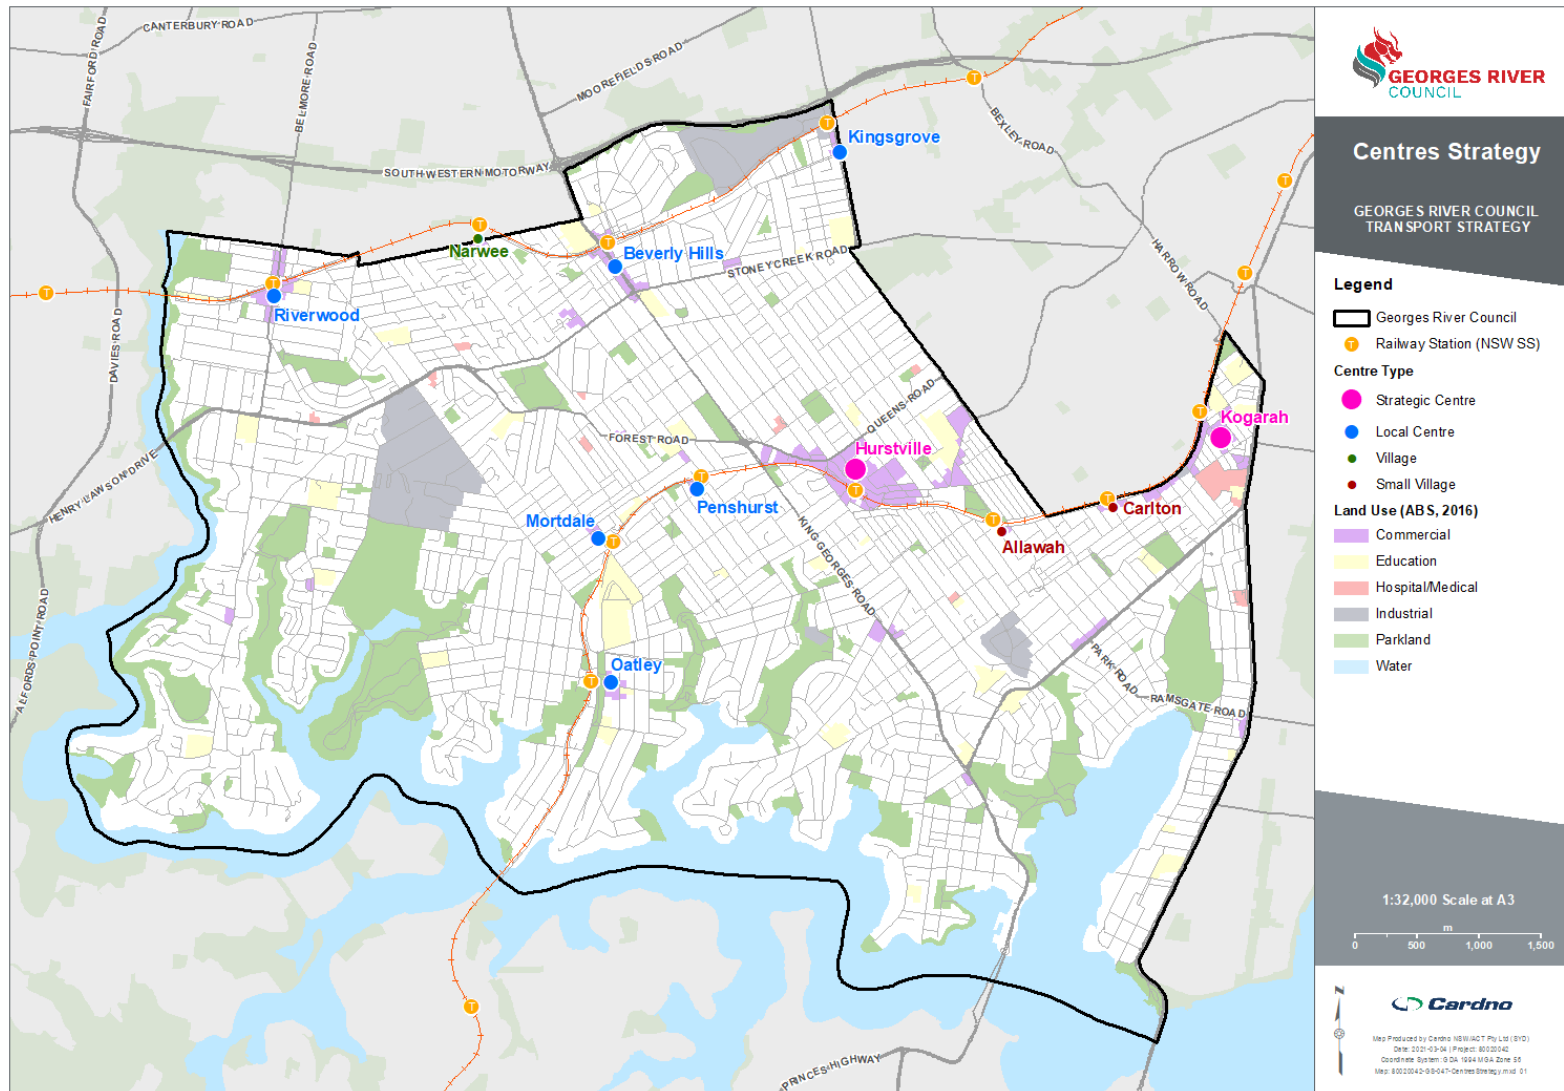

03 Car parking
